## Timing, approval, and custom-order policy

Most physical orders arrive in about two weeks when the proof is approved promptly. Hand-painted work needs several days to dry safely before packing, and peak Christmas periods may take longer. If no response is received within one week of the proof email, the approved workflow may continue. Because each item is personalised, change-of-mind returns are not accepted once production begins. Damaged, faulty, or materially incorrect orders are handled under the published shipping and returns policy and applicable consumer law.
